PRESS RELEASE

Construction Accounting Software Developer Foundation Software
Appoints Michael J. Basil to Vice President of Operations

June 29, 2010, Cleveland – For Immediate Release: Foundation Software Inc., developer of the award-winning [FOUNDATION® for Windows® construction accounting software](#), has appointed Michael J. Basil as Vice President of Operations. In this role, Mr. Basil assumes responsibility for maintaining the company's day-to-day initiatives and overall corporate focus. In addition, he will continue his role as the Field Trainer Team Leader.

Mr. Basil joined Foundation Software in 1998 as a Client Support Representative. Since that time, he has been promoted to numerous positions with the company, including Outside Sales, Field Training, Manager of Field Training and, most recently, Vice President.

As the Vice President of Operations, Mr. Basil will work to streamline operations and continue to grow the business.

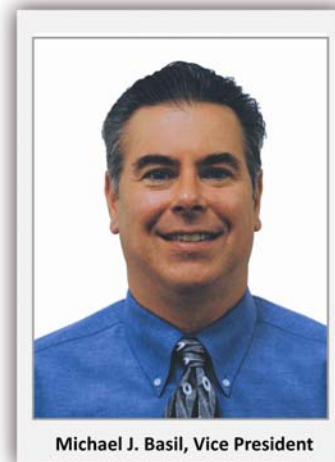

Company Founder and CEO, Fred Ode, said that Mr. Basil's background and experience within the company made him an ideal choice for the position. "Mike has an extensive working knowledge of the construction accounting software industry, and he understands how contractors operate their businesses," Ode said.

Company President, Mike Ode, applauds Mr. Basil for his ongoing commitment to the company and congratulates him on this well-deserved promotion. "Mike Basil has been instrumental in unifying the communications between all departments within the company. This has created a more efficient environment where everyone works together to better serve our construction clients."

Mr. Basil says he welcomes the opportunity to help lead the organization. "Foundation Software has positioned itself as the leader in construction accounting software," says Mr. Basil, "and we are ready to blaze new trails with our expansion into the construction payroll services sector. It's a privilege to be a part of Foundation's long-term success."

A native of Buffalo, New York, Mr. Basil graduated in 1996 from Fredonia College in Fredonia, New York with a Bachelor's degree in Finance.
